

1 DEAD, 3 HURT IN AUTO ACCIDENTS

Dinah Johnson, colored, sixty years old, of Carrollburg place southwest, died at Providence Hospital today from injuries sustained when she was knocked down by an automobile operated by E. H. Southard, of Silver Spring, Md., at Second and Virginia avenue southwest, on August 22. Coroner Nevitt will hold an inquest this afternoon at 2 o'clock at the District Morgue.

Patrick Long, of 22 K street northwest, fell from a moving street car at Ninth and L streets northwest early this morning, and received cuts on the head and face. He was removed to the Emergency Hospital.

An automobile owned by the Quartermaster Department and operated by Edward Taylor, colored, twenty-one years old, 1229 Twentieth street northwest, collided at Twenty-second and Pennsylvania avenue northwest with an electric light pole. Nick Young, colored, thirty-six years old, 1124 Twenty-first street northwest, a passenger in the machine, had his left foot crushed and received cuts on the head.

An automobile operated by Private Walter Burch, Twenty-second infantry, Potomac Park, collided with an automobile owned by the U. S. Marine Corps, and operated by Private Arthur Braloe, also stationed at Potomac Park, at Eighteenth and Pennsylvania avenue northwest today.

George E. Wood, three years old, 322 John Marshall place northwest, was slightly injured yesterday when he fell from an automobile standing in front of his home.

While answering an alarm of fire yesterday, the automobile of Acting Deputy Chief Andrew J. Sullivan, and operated by John Wasmiller, of No. 14 engine company, collided with an electric light pole at First street and Indiana avenue northwest.

THANKS NATHAN STRAUS

NEW YORK, Sept. 28.—Nathan Straus, New York's chief advocate of clean milk, has received the following letter from Secretary Lansing: "Sir: I have the honor to inform you of the receipt from the American agent and consul general at Cairo, Egypt, of the following cablegram dated September 11: 'For Nathan Straus: In name of thousands saved from starvation by your institution I wish you and your family happy New Year and prosperous future. May God bless you.' 'RABBI ROTH.'"

"I have the honor to be, Sir, 'Your obedient servant, 'ROBERT LANSING.'"

United States Saves Nearly Half Million By "Shopping Early"

A close watch of the market has proven as profitable to Uncle Sam as to the thrifty housewife battling against the high cost of living.

Recently the subsistence division of the quartermaster corps received information that sugar was to go up in price and telegrams were sent to all purchasing quartermasters throughout the country to take immediate delivery of all sugar allotted to the army.

The total investment of \$15 in telegrams saved the Government \$47,540, the difference between what was paid for sugar September 7 and the new price of September 9.

DEATH PACT WITH BROTHER'S WIFE

HACKENSACK, N. J., Sept. 28.—Home on a short furlough, Edward Kuttler, twenty-seven years old, disappeared last Sunday with his sister-in-law, Mrs. Frederick Kuttler, and was found dead yesterday in the room of the girl beside her lifeless body. Both had been killed by bullets fired from his heavy army revolver.

They had been old sweethearts. Seven years ago, the Kuttler brothers fell in love with her and she married Frederick. Edward went away in the hope of forgetting the love affair. Recently he was drafted and sent to Camp Meade. Given a furlough, he went home to say good-bye before leaving for overseas.

On the table in the room where their bodies were found was this note:

"Dear mother and Fred: Bessie and I are going to end it all. It is the only way. We love one another. Please forgive us. Have us buried in the same grave. It is the wish of both of us. Take care of little Dot and give her Bessie's watch and chain. 'ED and BESSIE.'"

LINOLEUM WAR AID, SAYS SECY. DANIELS

Linoleum has been added to the growing list of things that are going to win the war. This floor covering is just the thing to promote the mental contentment of women war workers, according to Secretary Daniels, who has asked Congress to appropriate \$375,000 for the purchase of linoleum to cover concrete floors in the new army and navy buildings in Potomac Park.

"The proportion of women employed as clerks and messengers is large, and is constantly increasing," Secretary Daniels wrote the Senate in his request.

"The crowded accommodations throughout the city where our female employees must live are not the best, and everything possible should be done which will better the conditions under which they work, and promote not only their health and comfort, but their mental contentment as well."

Secretary Daniels submitted to Congress a total estimate of more than \$125,000,000 for additional appropriations. Included in this is \$1,400,000 to complete temporary concrete office buildings for the Navy Department in Potomac Park.

CITIZENS UNITE TO LOWER PRICES

Conservation of food and reduction in price will be the main plank in the platform of the Citizens' Food Committee organized yesterday in the District Building, according to a statement issued today by Clarence R. Wilson, District Food Administrator.

The committee is composed of representatives of the citizens' associations in Washington and will hold regular conferences with the District Food Administrator to co-operate with him in seeking reduction of food prices.

"The organization offers Washingtonians a splendid opportunity to co-operate with the Food Administrator in conserving food, investigation work and in the dissemination of propaganda," said Mr. Wilson today.

The winter campaign of the Food Administration will be the gospel of the 'empty garbage can and the clean plate.' There will be no rationing, however, as this is held by the President and Mr. Hoover to be undemocratic.

Profiteering was declared by Mr. Wilson to be the fault of the consumer as much as the dealer. Certain classes of people, he said, were willing to pay any price for certain kinds of food they wanted, and in this way the dealers are influenced into boosting prices.

Officers of the council will be chosen on October 4. Meetings of the council will be held the first and third Fridays of each month.

D. C. BOY LOSES ARM IN BATTLE

Clarence C. Cumberland, of Washington, is among 105 wounded Yankees who have arrived at Walter Reed Hospital from France. Cumberland had his right forearm torn off in the battle of Chateau Thierry and is suffering from shell shock.

"We had started an advance on Vaux when I received the shell with my initials on it," stated Cumberland from his bed in the hospital today.

"We had started to clean out a German machine gun nest in a railroad station. I was on my knees picking off boche machine gunners across the street when a big shell exploded with a roar nearby. That's all I remember until I had instinctively walked to the field dressing station two kilometers back."

"Emergency surgeons amputated my right forearm with a common pair of scissors," continued Cumberland. American shells tore by overhead bound for Helms' line, while enemy shells shrieked along in the opposite direction. Before I left the station I had the satisfaction of knowing that my company had taken the whole bunch of Hun machine 'nests.'"

Cumberland's home is at 232 1/2 Lincoln place southwest. He enlisted in the army about three years ago, going to the Mexican border with the national guard.

The ship on which Cumberland was brought to America was filled with convalescent officers and men. They arrived at Ellis Island, N. Y., two days ago and were from there ordered to Washington.

DROP WATSON CHARGE

MACON, Ga., Sept. 28.—Thomas E. Watson lost his third contest today in charges of fraud which he had brought against Representative Carl Vinson in connection with the recent Congressional primary in the Tenth district. The executive committee voted unanimously that the charges were not true.

His lawyers have announced they will appeal from each of the rulings.

BRIDE GETS WORD SOLDIER IS SLAIN

The name of Walter K. Burke, twenty-seven years old, husband of Mrs. Hazel Burke, of Austin, Tex., now living at 123 Maryland avenue northeast, appears in the casualty list of today as having died of wounds received in action.

Although the news of the death of her husband reached here four days ago, Mrs. Burke, who is a bride of four months and who is now doing war work in this city, would not believe it until she found his name officially confirmed in the casualty list of today. Her husband died August 26.

Miss Helen Vaughn, employed in the adjutant general's office, who rooms in the same house with Mrs. Burke, received word that Burke had died of wounds received in action. Four days ago she told Mrs. Burke, "He's dead, you say," said Mrs. Burke. "He's dead? He was too big and strong to die of wounds. I don't believe it. I won't believe it."

They were married in Texas last May and he was sent to France in June. She then came to Washington to do war work. Letters received from him recently did not say that he was on the fighting line.

GASLESS SUNDAY RULE CONTINUED

Washingtonians are again asked to comply with the gasless Sunday plan in a statement issued today by the District Fuel Administration, acting on orders given out by Federal Fuel Administrator Garfield.

In a statement issued today, Dr. Garfield indicates that the fuel ban on Sundays may be lifted at any time now.

"It is not yet possible to tell how much gasoline has been saved by the voluntary sacrifice of Sunday riders," said Dr. Garfield. "But the appeal will be recalled as soon as definite figures are available to show its continuance unnecessary."

The only official figures on the gasoline saving, issued so far by the Fuel Administration show that the conservation amounted to 125,000 barrels on the first Sunday.

ARREST PRIVATE IN OFFICER'S UNIFORM

Charged with impersonating an army lieutenant and passing worthless checks for sums aggregating \$300, Private Clayton W. Hobbs, twenty years old, stationed at Camp Humphreys, Va., is being held at the First precinct police station.

Hobbs was arrested at North Capitol street and Florida avenue by Detectives Thomas English, Thomas Sweeney, and Frank Baur.

Hobbs is from Jersey City. When arrested he was dressed in a uniform of a first lieutenant.

URGES D. C. PAY BOOST

Small salaries have caused the resignations of more than half of the District's statutory employees since June 5, last, according to claims made today by officers of the local branch of the National Federation of Federal Employees.

The federation is urging the District Commissioners to press upon Congress the need of salary increases for District employees, and to urge the passage of the Nolan bill. It is estimated that the \$3 a day minimum wage bill will affect more than 3,800 District employees.

PAGET FIRST AMBASSADOR.

The British legation at Rio de Janeiro has been elevated to the rank of an embassy in recognition of the growing political and commercial importance of the relations between Brazil and Great Britain. The first British ambassador to Brazil will be Sir Ralph Paget, now British ambassador at Copenhagen.

Mr. E. D. Shaw, Publisher, Washington Times.

Dear Sir:—

Kindly discontinue our advertisements in your paper until further notice; we are forced to take this step owing to the large number of enrollments we are receiving daily and which have taxed our facilities to the utmost.

We have secured another large floor and it is now being fitted up and as soon as completed we will continue our advertisements as usual.

We desire to take this opportunity to express our extreme satisfaction for the results we have received from the use of your columns; they have far exceeded our expectations and have convinced us that we could not have a better medium in Washington to convey our message to the public.

We are

Very Respectfully,
